

Cost-effective repair solutions!

The rear trailing arm bush on the Ford Mondeo 07, Galaxy 06 and S-Max 06 is not available separately from the manufacturer. Previously, if this bush failed, the whole unit would have to be replaced as the components could not be bought separately.

febi bilstein has the solution for a timely and efficient repair:

The rear trailing arm bush is now also available separately.

fits

Ford Mondeo 07 / Galaxy 06 / S-Max 06

Repl. no. 1 566 837 S1 left

Repl. no. 1 566 810 S1 right

This saves your customer money as it is cheaper to replace a single component than a complete unit.

Attention!

For quick, safe and professional removal and refitting of the bush without having to remove the trailing arm, febi bilstein recommends using KLANN tool KL-0610-15.

febi no. 39207

left

febi no. 39208

right

KL-0610-15

Of course, febi bilstein also offers the rear trailing arm bush kit as a ProKit (febi 43403) containing all the necessary screws for a professional replacement

febi no. 43403
